**Mad Science camps are hands on,  
interactive, unique, fun, engaging and original!**

Each Mad Science camp day gives the mini Mad Scientists the chance to explore hands on science. We've been working hard in the Mad Lab to make sure we have some exciting new activities, so if you've been to camp before there's plenty more to see and do! Crack the case on 'detective day', or try your hand at 'laser limbo' and see sparks fly with our amazing 'indoor lightning'! Happy campers will also see the welcome return of crowd pleasers such as slime-making, hoverboard rides and candyfloss\*. Every camp ends with 'Friday Favourites' with an outdoor rocket launch (weather permitting) and there are take home items and certificates every day!
